

Facilitation Skills

Delegate Comments

Challenge

Salford PCT was staging a very large meeting which would bring together many different stakeholders, who all had separate vested interests in 'Implementing a Primary Care Strategy for Osteoporosis in Salford'. They wanted to be sure everyone had a say and that any shrinking violets were actively involved. We can all picture the scene...

Solution

Inspire Change acted as facilitators, and utilised all of the skills we teach at our Facilitation Skills workshops. We worked with individuals and groups at this meeting to create a positive environment and in turn, help Salford PCT develop a successful project.

Results

A successful outcome was delivered as a result of the interaction of every stakeholder and Inspire Change's facilitation skills. Salford PCT were so impressed with our approach, we have subsequently delivered ongoing training for all of the teams at Salford PCT. Sylvain Laxade of Salford PCT said *"This is true partnership in action. Working with Inspire Change has added considerable business value to what we are doing at Salford."*

Here are some of the comments from delegates who have attended this workshop:

"Excellently facilitated! Good learning experience for my team and my colleagues"

"Fun, informative"

"Engaging and informative with plenty of opportunity to get involved"

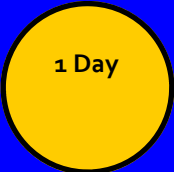

"Worth the mild stress of being filmed"
